

Balaji Bandyopadhyay, Jianhua Fan, Shengxi Guan, Yong Li, Mei Chen, David T. Woodley, and Wei Li

Vol. 172 No. 7, March 27, 2006. Pages 1093–1105.

Two errors were discovered after this paper was published.

On page 1093, on line four in the third paragraph of the Introduction, the sentence should read “As the wound heals and subsequent wound remodeling initiates, the resident cells experience a transition from serum back to plasma.”

On page 1104, on line three in the last paragraph of Materials and methods, the sentence should read “The relative effectiveness of the synthetic and double-stranded siRNA in the down-regulation of T β RII was measured by transfecting 293T cells...”
