

CORRECTION *The Journal of Cell Biology*

Cerra et al., Vol. 98, No. 4, April 1984

Page 1581, the beginning of paragraph 4, column 2 should read:

PREPARATION OF COLLOIDAL GOLD-IGG COMPLEX: Colloidal gold with a mean diameter of 4 nm, prepared by the reduction of chloroauric acid with sodium borohydride, was generously provided by C.-M. Chang (Scripps Clinic and Research Foundation, La Jolla, CA). Goat anti-rabbit IgG was coupled to colloidal gold using a modification of published procedures (22, 23).
