Inadvertently, the name of Dr. Ram S. Bhatt was not mentioned in the acknowledgment to the article entitled, "T and B cells that recognize the same antigen do not transcribe similar heavy chain variable region gene segments," by Ellen Kraig, Mitchell Kronenberg, Judith A. Kapp, Carl W. Pierce, Anthony F. Abruzzini, Craig M. Sorensen, Lawrence E. Samelson, Ronald H. Schwartz, and Leroy E. Hood (July 1983, 158:192).

We wish to thank Dr. Ram S. Bhatt for synthesizing the oligonucleotide probe used in screening the GAT B cell cDNA library.
