CORRECTION     *The Journal of Experimental Medicine*

---

Due to editorial error, two figures were incorrectly labeled in the article "Inherited deficiency of the Mac-1, LFA-1, p150,95 glycoprotein family and its molecular basis," by Timothy A. Springer, W. Scott Thompson, Linda J. Miller, Frank C. Schmalsteig, and Donald C. Anderson (December 1984, 160:1901). The figure labeled 6 is in fact Fig. 7, and vice versa. The respective legends, however, are correctly labeled. The renumbered figures appear on the following two right-hand pages.
