

CORRECTION *The Journal of Experimental Medicine*

In the article "Lipoooligosaccharides (LOS) of *Neisseria gonorrhoeae* and *Neisseria meningitidis* have components that are immunochemically similar to precursors of human blood group antigens. Carbohydrate sequence specificity of mouse monoclonal antibodies that recognize crossreacting antigens on LOS and human erythrocytes" by Robert E. Mandrell, J. McLeod Griffis, and Bruce A. Macher (July 1988, 168:107), the structure listed in Table I for Strain 3 LOS:
