

In the article "Cloning and sequencing of a cDNA expressing a recombinant house dust mite protein that binds human IgE and corresponds to an important low molecular weight allergen" by E. R. Tovey, M. C. Johnson, A. L. Roche, G. S. Cobon, and B. A. Baldo (October 1989, 170:1457), the nucleotide sequence listed in Fig. 2 should read GTT TAA at the terminus, and not GGT TAA, as shown. The corresponding amino acid (Valine) is correctly given.
