

In the article "Regression of bladder tumors in mice treated with interleukin 2 gene-modified tumor cells" by J. Connor, R. Bannerji, S. Saito, W. Heston, W. Fair, and E. Gilboa (April 1993, 177:1127), Table 2 was accidentally omitted. Below is Table 2.

Table 2. *Challenge of Mice Cured from Their Original Tumor with Parental MBT-2 Cells*

Mice	No. of parental MBT-2 cells instilled intravesically	No. of mice with tumors per number of mice injected
"Cured"*	1×10^5	0/9
Age-matched control	2×10^4	5/5

* Mice that exhibited complete tumor regression after treatment with IL-2-secreting MBT-2 cells obtained from the experiment shown in Fig. 2 and a similar experiment (data not shown).
