

**Correction • The Journal of Experimental Medicine**

---

In the article "The protein tyrosine p56<sup>kk</sup> regulates thymocyte development independently of its interaction with CD4 and CD8 coreceptors" by S. D. Levin, K. M. Abraham, S. J. Anderson, K. A. Forbush, and R. M. Perlmutter (July 1993, 178:1), the title and running title were printed incorrectly. The correct title is "The protein tyrosine kinase p56<sup>kk</sup> regulates thymocyte development independently of its interaction with CD4 and CD8 coreceptors." The correct running title is "p56<sup>kk</sup> acts independently of CD4/CD8 in T cell development."
