

Hayes et al. Vol. 196, No. 10, November 18, 2002. Pages 1355–1361.

Due to a typographical error in the first paragraph of the Introduction, non- $\gamma\delta$ was inadvertently added in front of TCR- $\alpha\beta$. It should have just been TCR- $\alpha\beta$. The corrected sentence appears below.

The generally accepted stoichiometry of the $\alpha\beta$ TCR is TCR- $\alpha\beta$, CD3 $\gamma\epsilon$, CD3 $\delta\epsilon$, and TCR- $\zeta\zeta$ (1).
