

Microbiota innate stimulation is a prerequisite for T cell spontaneous proliferation and induction of experimental colitis

Ting Feng, Lanfang Wang, Trenton R. Schoeb, Charles O. Elson, and Yingzi Cong

Vol. 207, No. 6, June 7, 2010. Pages 1321–1332.

The authors regret that in the original version of this article the lengths of some of the scale bars in Figs. 1, 5, and 6 were incorrect. In addition, the image depicting Rag-deficient recipients of CBir1 and OTII T cells in Fig. 6 E was incorrect. All errors have been corrected in the html and pdf versions of the article, and the corrected version of Fig. 6 is shown below.
