

Resistance to antiangiogenic therapy is directed by vascular phenotype, vessel stabilization, and maturation in malignant melanoma
Iris Helfrich, Inka Scheffrahn, Sönke Bartling, Joachim Weis, Verena von Felbert, Mark Middleton, Masahi Kato, Süleyman Ergün,
Hellmut G. Augustin, and Dirk Schadendorf
Vol. 207, No. 3, March 15, 2010. Pages 491–503.

The authors regret that Hellmut G. Augustin was excluded from the author list in the original manuscript. Drs. Augustin and Schadendorf are co-senior authors of the study. The pdf and html versions of the article have been updated to reflect the correction of this error.

In addition, Dr. Augustin received support for this work from the Austrian Science Fund (FWF S9404-B11).
