

Yang, Y., and F.J. Sigworth.

*The Journal of General Physiology*. Volume 112, No. 6, December 1998. 665–678.

Page 668

Due to a printing error, Eqs. 2 and 3 were printed incompletely. They should appear as follows:

$$\sigma^2 = \int_0^{\infty} S(f) |H(f)|^2 df \quad (2)$$

and

$$i_s(f) = \bar{I}^{-1} \int_0^f S(f') df' \quad (3)$$
