*JGP* regrets that in the original version of this paper, an error was made in Table 1. In the  $BK\alpha\beta_4$  column, the value for  $L_0$  has been corrected and is shown in bold in the table below.

Both the HTML and PDF versions of the article have been corrected. This error appears only in PDF versions downloaded on or before May 6, 2020.

Table 1. Best fit parameters for  $P_o$ -V data with the HA model
